Target Group

The CESAF online course primarily addresses agricultural finance practitioners in emerging markets, especially mid-level managers and field staff of agricultural development banks, rural microfinance institutions, insurance and leasing companies, and other financial institutions intending to engage in agriculture finance. The course will also be useful for persons who are engaged in agricultural policymaking, or regulation and supervision of the agricultural finance sector, as well as for those who are interested to become consultants and advisors in the field of sustainable agricultural finance.

Sustainable World Academy

FS Sustainable World Academy offers professional and executive courses dedicated to the advancement of the UN Sustainable Development Goals (SDGs). Courses are offered online – through its development finance e-Campus platform- and on campus – for example through the Inclusive Finance Summer Academy.
