CERTIFIED BLOCKCHAIN EXPERT

Programme start on 25th March 2020 and 23rd September 2020

What to expect
This course is designed for developers and managers seeking to acquire business skills in blockchain technology. The course is suitable for business developers who need an in-depth understanding of blockchain technology and cryptocurrencies. The course delivers an insight into the Ethereum and Hyperledger platforms among others; you will develop your understanding of the full range of potential blockchain use cases and business models. As more and more blockchain-based applications evolve, an in-depth knowledge of the underlying technologies is becoming indispensable. Equipped with this knowledge, you can leverage blockchain opportunities to build your company’s digital future.

Ideal for
Innovation managers, CIOs and CDOs, IT strategists, executive managers and experts in business administration, as well as individuals who would like to learn more about blockchain technology.

Method
The course consists of two 4-day weeks. You may also choose not to take part in the full certification course and attend the first week only (modules 1 – 4). In this case, you will not be required to write a paper; instead, you will receive a certificate of attendance.

Requirements
No coding experience required!

In-house programmes
All our specialist courses are also available as customised programmes. Please ask us for a quotation.

6,950 €

Price
The fee covers the first and second compact course, course registration (100 €), the examination (450 €) and final certification. First compact course only: 3,650 € (4 days). Course fees are exempt from VAT.

FRANKFURT AM MAIN

Venue

5 – 6 MONTHS

Duration
First compact course: 4 modules (1 day each), Second compact course: 4 modules (1 day each).

*Credits are given according to the European Credit Transfer System (ECTS) for academic and continuing education qualifications. Credits are determined by the amount of time needed to complete the certification course. This includes presence days as well as the individual study time before and after needed to earn the certificate. Credits are not at all based on the level of learning (1 credit = 25 – 30 Study Hours).
This information sheet provides a general overview of the course described above. Frankfurt School of Finance & Management reserves the right to revise or modify both course curriculum and schedule. This also applies to course fees, as well as internal and external examination fees.

The first compact course (modules 1-4) can also be booked individually.
